

Dessine des petites bulles à l'intérieur
des grosses bulles.

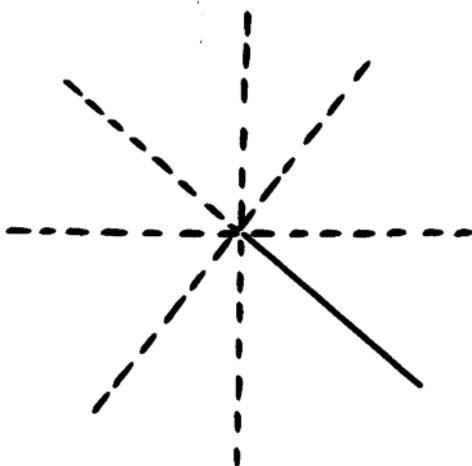

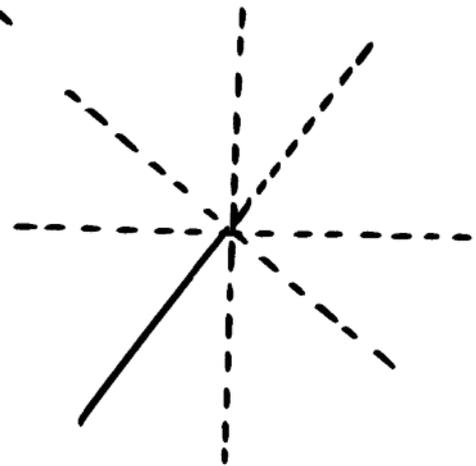

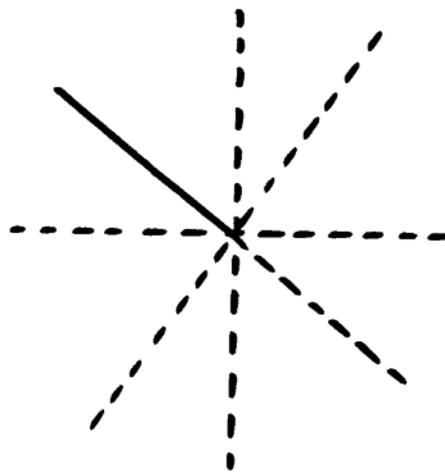

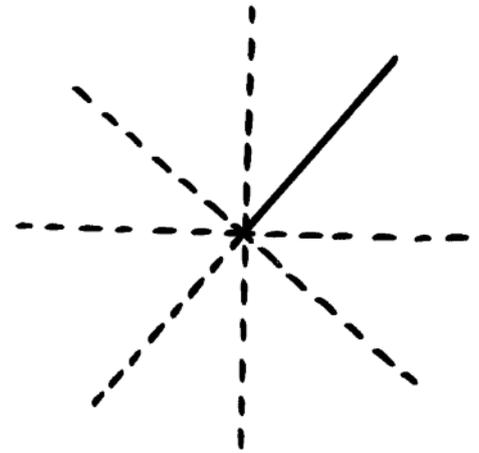

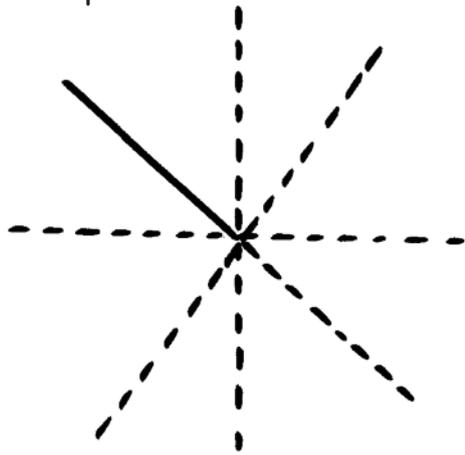

Sans sortir de la rivière, trace le trajet que
suit le poisson à l'aide
d'un feutre **BLEU**.

Affiner son geste graphique

Repasse sur les pointillés
pour dessiner ces étoiles.

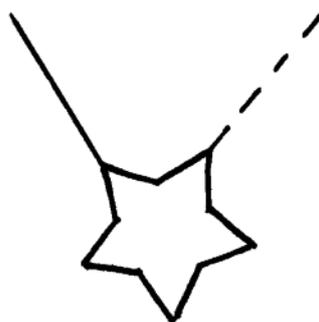

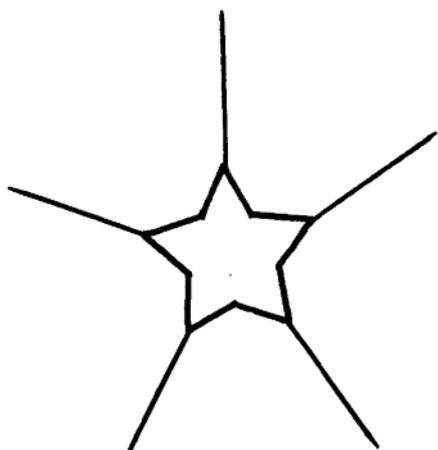

Acquérir le bon geste graphique

Avec ton doigt, suis le tracé du fil qu'Antoine
utilise pour tisser sa toile, puis trace le trait
avec un feutre.

Dessine un petit rayon de lumière à l'extrémité de chaque branche des étoiles.

Entoure les **E** que tu peux lire
sur cette page.

Colle-les sur le décor en choisissant
la bonne place.

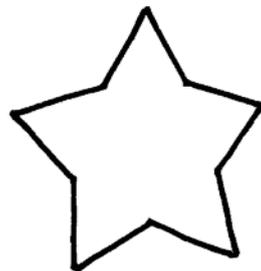

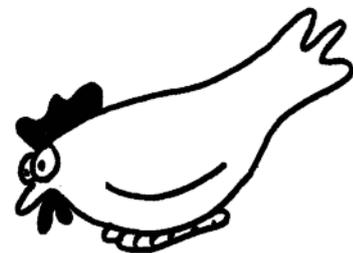

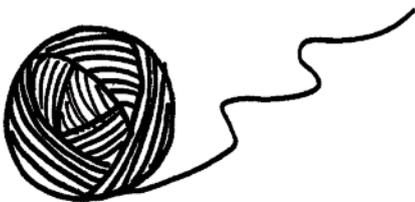

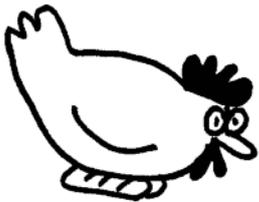

Observation. Logique

Relie chaque élément entouré à l'animal à qui il appartient.

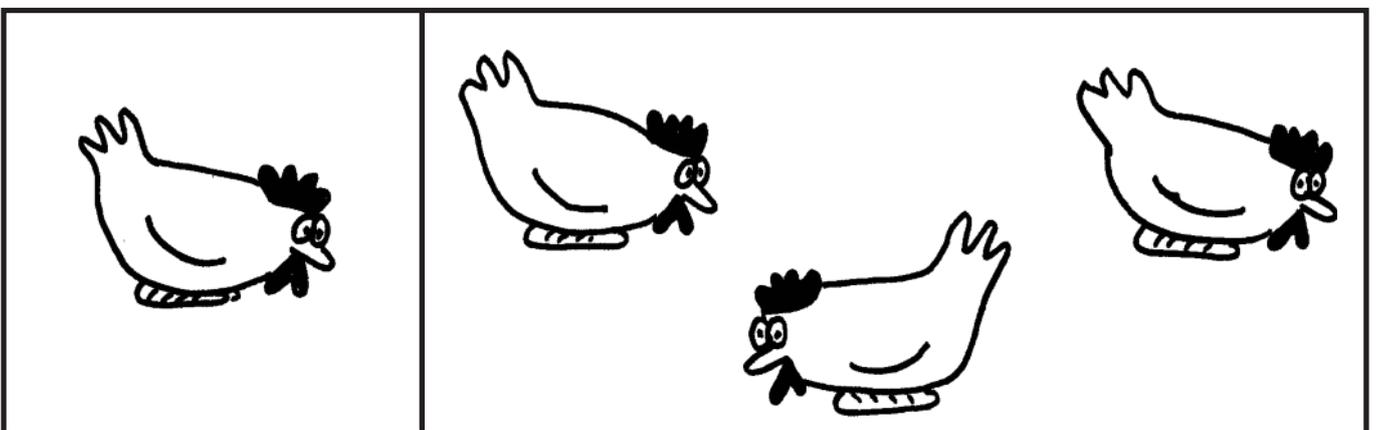

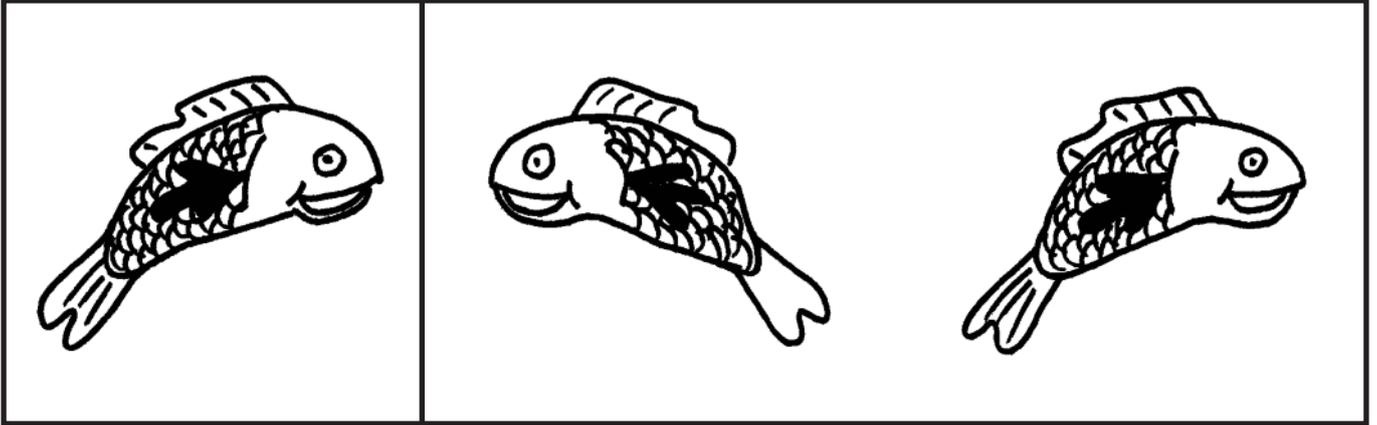

Associer des éléments

Entoure le plus petit de ces 5 éléments.

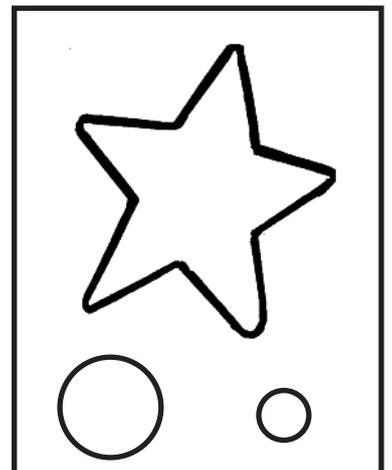

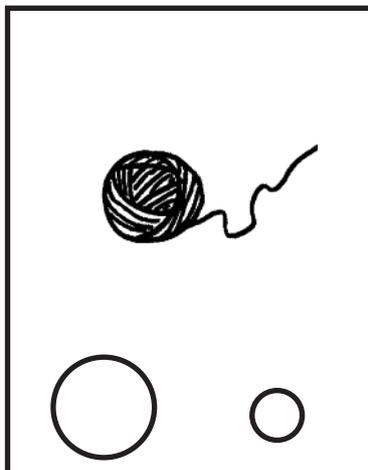

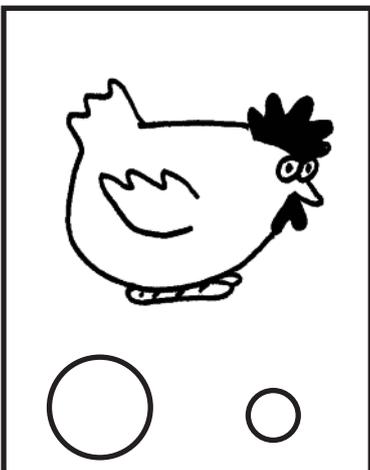

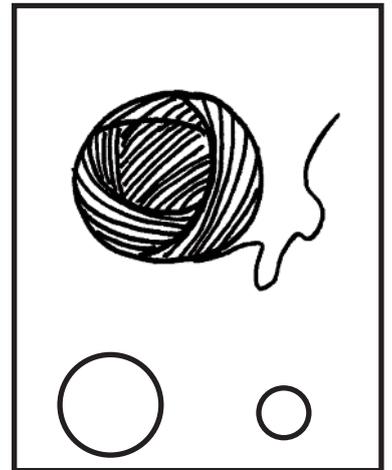

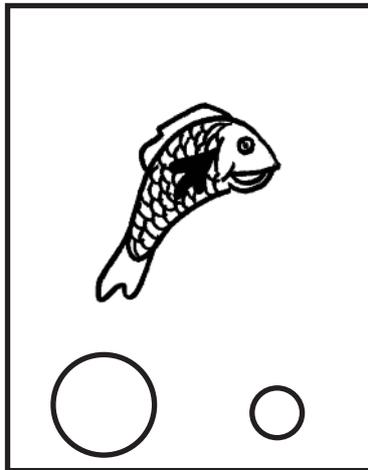

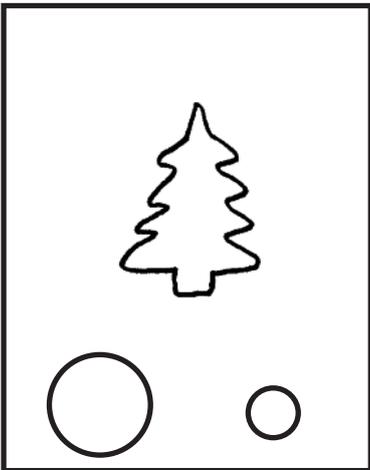

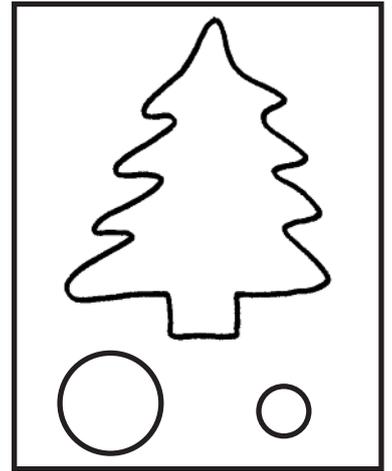

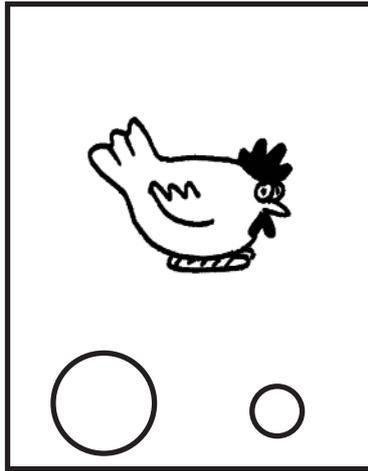

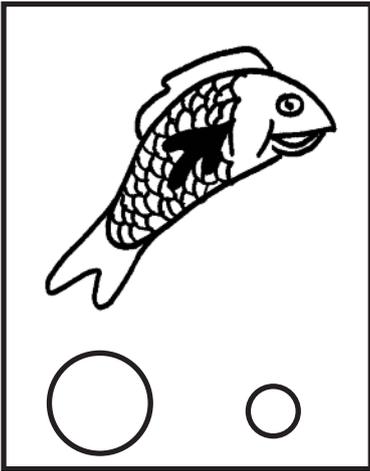

Entoure le dessin différent du modèle.

Discerner les ressemblances et les différences

Selon la **GRANDE** ou la **PETITE** taille du dessin, colorie la **GRANDE** ou la **PE-TITE** pastille.

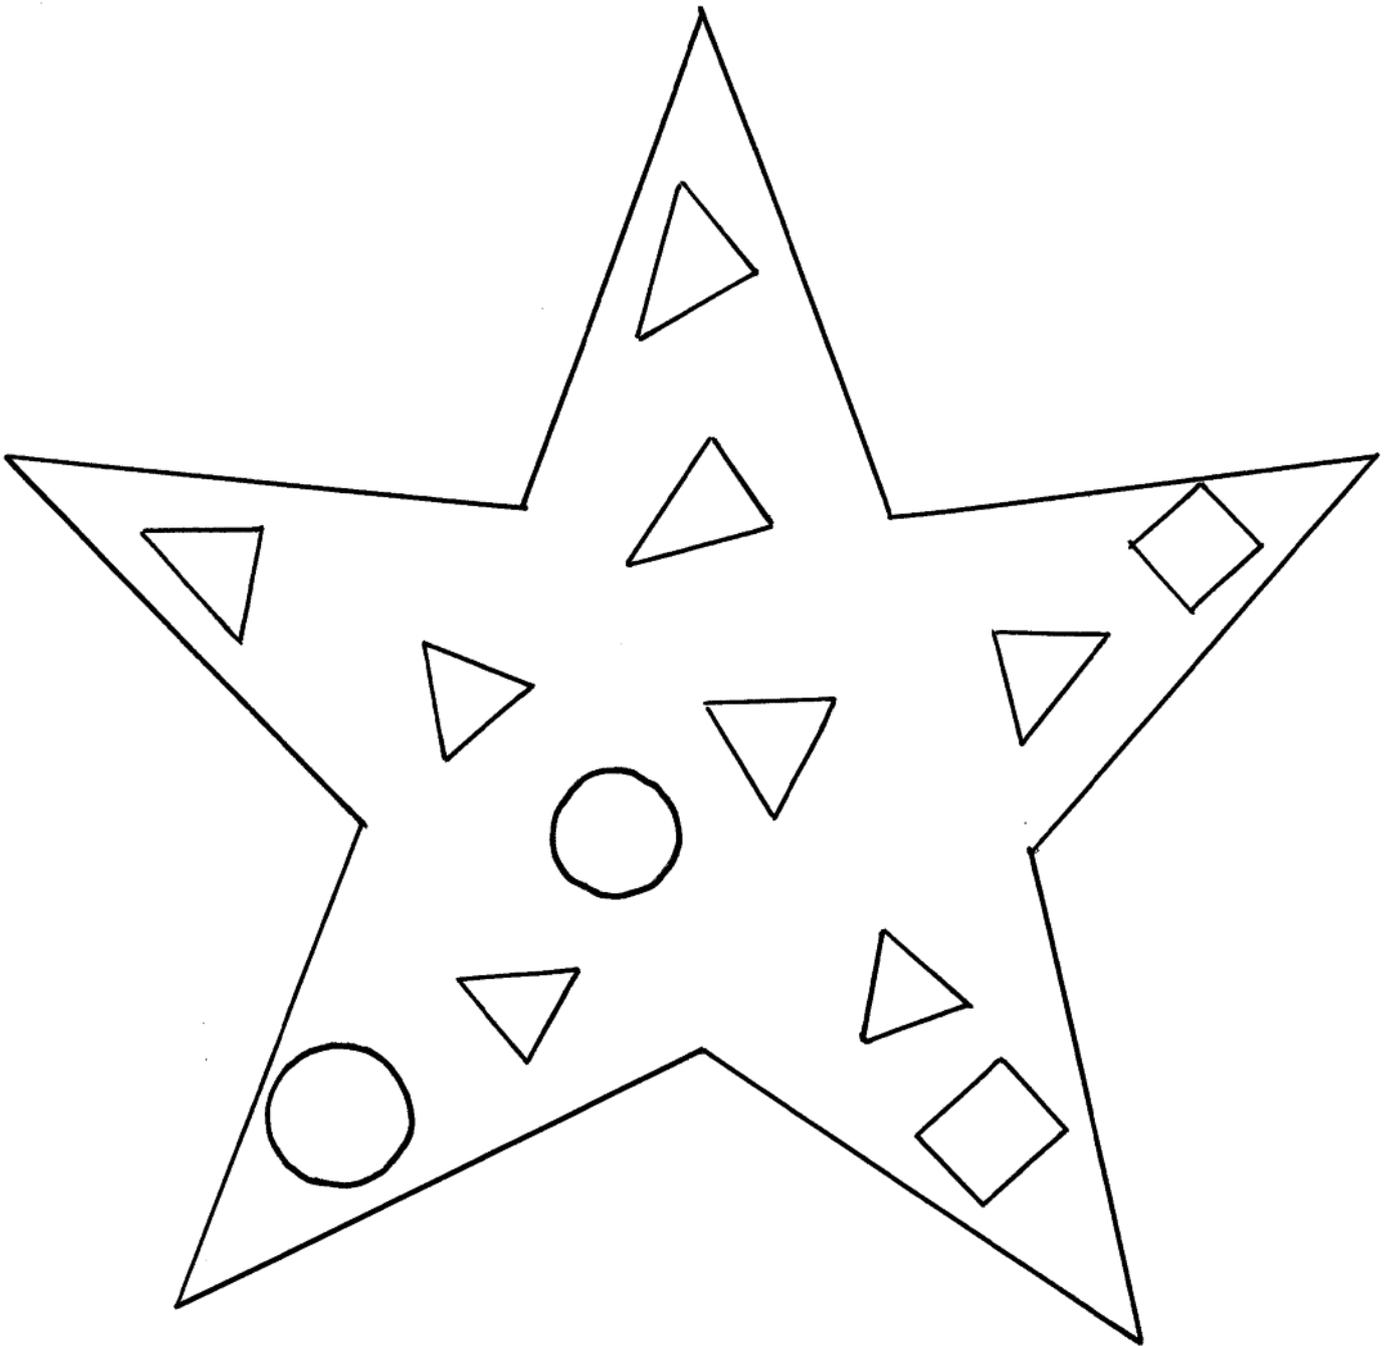

Se repérer dans l'espace

Colorie le chemin qu'Antoine a choisi
pour quitter sa maison.

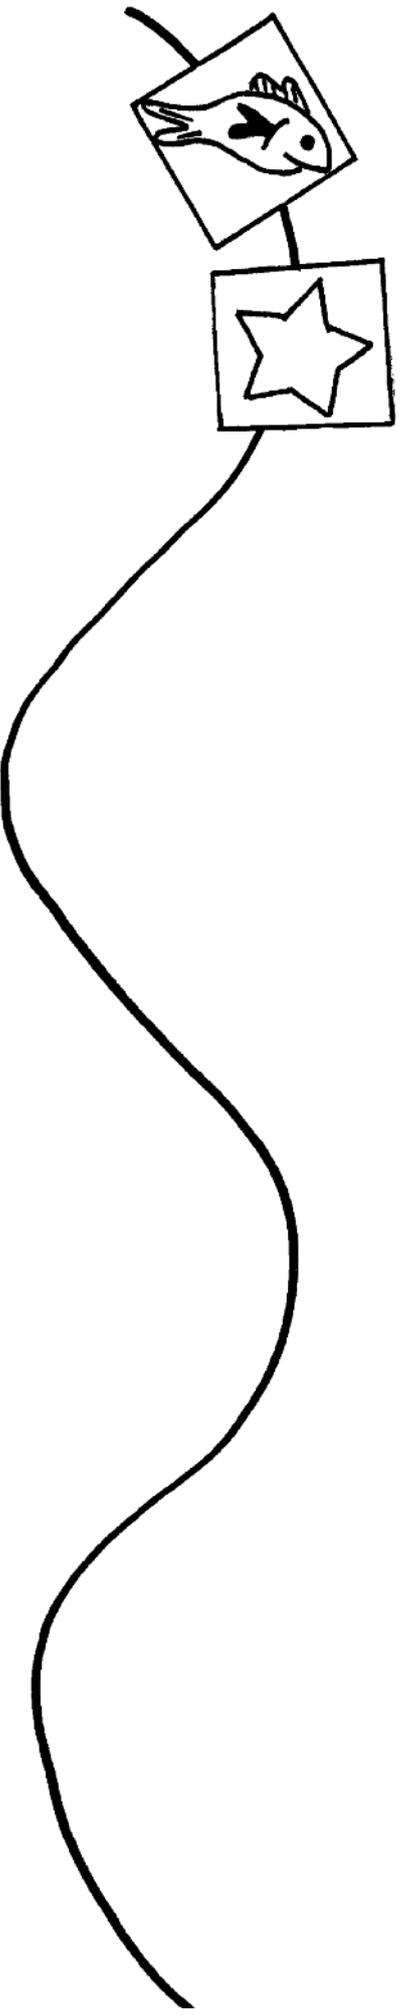

Se repérer dans l'espace

Colorie les triangles qui décorent
la grande étoile.

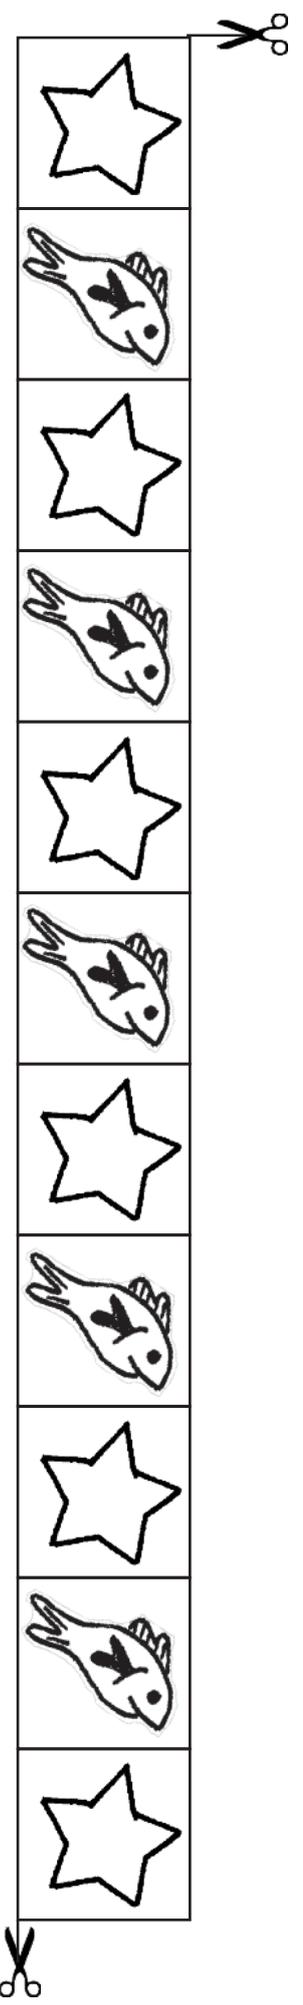

Reconnaître le triangle

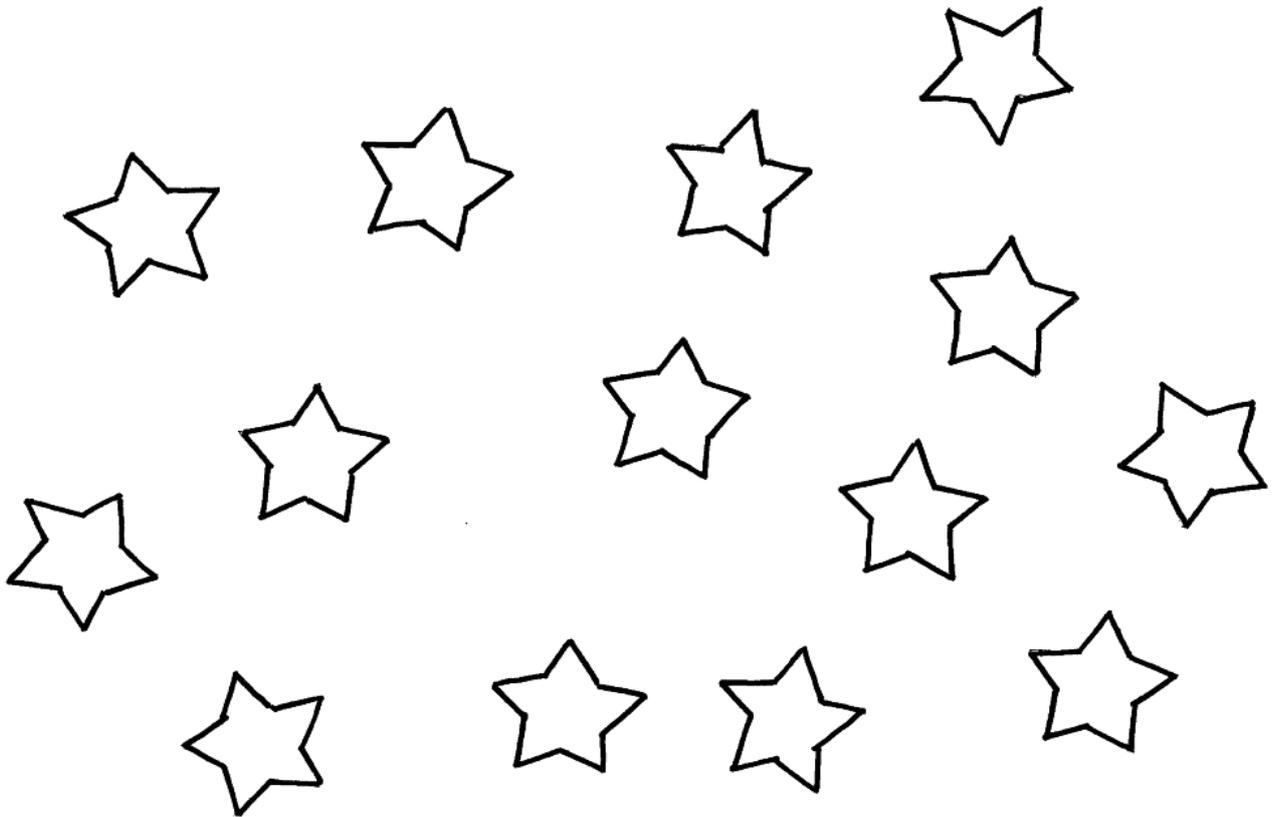

Découpe les petites images et colle-les sur la ligne au rythme du modèle.

Réaliser un algorithme

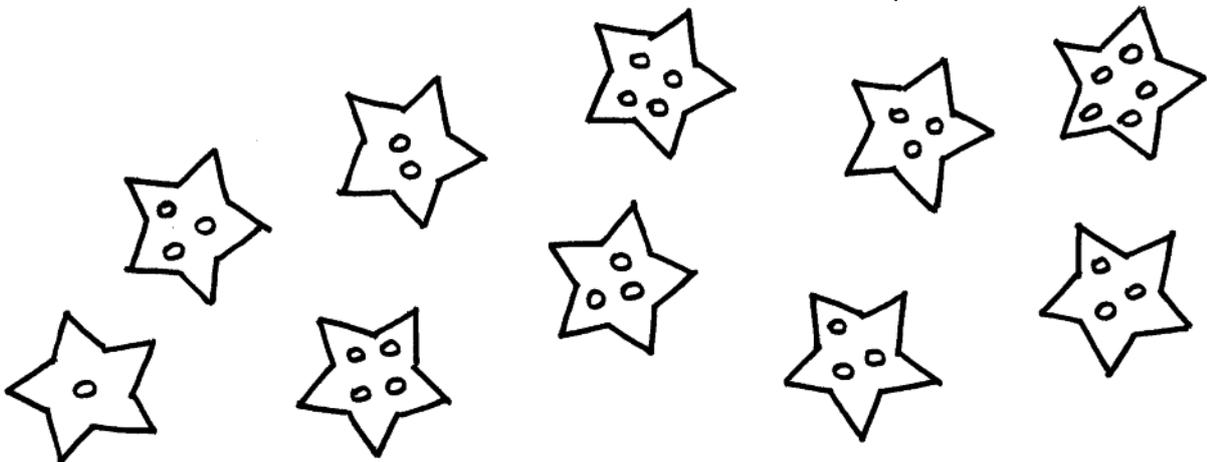

Forme des ensembles de 3 étoiles.

Réaliser des collections

Colorie les étoiles à 3 points.

Reconnaître une petite quantité
